

Write a letter or a poem and send it to One Smart Cookie!

1. Write a letter to a friend or relative telling them about what you've learned about Autumn and Winter. You can do this with an adult or by yourself but be sure to send it! They will be amazed at all the information you learned and what an expert you are on these two seasons.

2. Take one of the topics discussed in the DVD and do some further research, either on the internet or at the library. There is always more to learn and share about a topic!

3. Write your own poems about one of the topics you just learned about. Be sure to send us a copy at writings@onesmartcookieproductions.com or mail it to **One Smart Cookie Productions, P.O. Box 354, Victor, NY 14564** and maybe yours will be chosen to appear on our web site!
